---

Good afternoon Angela,

Thank you for taking the time to speak with me this afternoon. When I was elected president of the Los Feliz Village BID, I began contacting the various organizations in our community and introducing myself. I wanted to also reach out to you today as I feel your organization is an intricate part of what Los Feliz is. I have been on the board of the BID for the past 3 years and previously was a board member and chair on the LFIA and also served with the LPNC a few years back. My involvement with my community goes back to childhood.

As president of the BID I am focusing our 2017 year on outreach, both to our business's and our community. My goal is to work on getting more of our visitors to Los Feliz's destinations such as the Greek, Griffith Park, the LA Zoo, the Observatory to also shop, dine and experience what our Los Feliz Village has to offer. I think that will build and secure a better win/win for all. It is always our mission to showcase our village and to promote our business so that they will be more prosperous. Our monthly board meetings are on the second Wednesday of each month. Our next one is this coming Wednesday, March 8th at St Mary of the Angels Church located at 4510 Finley Avenue from 9:30am to 10:30am. As mentioned earlier, we will be holding a closed session meeting from 8:30am to 9:30am that morning. As promised I have you on our April 12 board meeting agenda to speak to our board. You are very welcome to attend this coming meeting and I can introduce you to our board, if you have the time.

I look forward to working meeting you. Thank you.

Respectfully,
